It is our pleasure to invite you to attend:

SEQUENCING ALGORITHMS IN NON-SMALL CELL LUNG CANCER

At this symposium, an international faculty of experts will discuss prolonging the chemotherapy-free period in patients with *EGFR* mutation-positive (*EGFRM+*) NSCLC and recent changes in treatment strategies for non-mutated, non-squamous NSCLC.

18:00 - 18:05

Meeting Welcome and Introductions

[Vanessa Gregorc](#)

18:05 - 18:20

Prolonging the Chemotherapy-Free Period in *EGFRM+* NSCLC

[Nicolas Girard](#)

18:20 - 18:30

Q&A: Treating *EGFRM+* NSCLC

[Vanessa Gregorc](#)

18:30 - 18:45

Recent Changes and Sequencing Strategies in Non-mutated, Non-squamous Advanced NSCLC

[Martin Reck](#)

18:45 - 18:55

Q&A: Treating Non-mutated, Non-squamous NSCLC

[Vanessa Gregorc](#)

18:55 - 19:00

Meeting Close
